STATE ORDERS PROMOTERS OF PHONY CREDIT UNION SCAM TO CEASE AND DESIST

BOISE, IDAHO - Gavin Gee, Director of the Idaho Department of Finance today issued a Cease and Desist Order against two individuals fraudulently using the name of a credit union to solicit consumer loans.

The two individuals, Jonathan Mecray and Jennifer Crenshaw, attempted to have ads placed in at least two Idaho newspapers that stated America’s Choice Credit Union was ready to assist consumers in obtaining personal or home loans. They also submitted to the newspapers a phony Idaho business license registration supposedly issued by the Department of Finance to America’s Choice Credit Union, a purported partnership owned by Mecray and Crenshaw, at a Moscow, Idaho address.

Gee stated: “The name ‘America’s Choice Credit Union’ is being used by these persons to perpetrate a fraud upon Idaho consumers. Although America’s Choice Credit Union is a legitimate credit union operating in California, it has not been approved to operate in Idaho, has not been issued a business license by the Department, and is in no way connected to this fraud. This is apparently an attempt by these individuals to obtain either personal information or unlawful advance-fees from Idaho consumers, or otherwise illegally part Idahoans from their money. The license is phony, the Moscow address is non-existent, and they even used the wrong name of the Department.”

The Credit Union National Association (CUNA), the national trade association for credit unions, has warned that the “fake credit union scam” is currently working its way around the country. CUNA has joined forces with the Justice Department and the FBI to end the scam.
Gee applauded the efforts of the Idaho Press-Tribune and The Idaho Statesman in alerting the Department to the scam. “Employees of these newspapers promptly called the Department when they questioned the validity of the ads. Without the watchful actions of these individuals, numerous consumers could have been bilked of their money. We very much appreciate the actions they took to protect Idaho consumers; they went the extra mile to bring this to our attention,” Gee said.
