Lead State

The participating states will select a Lead State to coordinate the review. If the applicant's principal place of business is not in one of the states identified above, please file a copy of this form, along with the Registration Statement and Prospectus, with the Washington State Securities Division, even if the Issuer does not intend to register its shares for sale in Washington. Washington is acting as the Program Administrator of the CR-SCOR-West Project. There will be no additional fee for CR-SCOR-West. Do not send fees to Washington unless the issuer intends to register its securities in that state.

The Applicant attests that all Registration Statements and Prospectuses will be identical in each of the states listed in the attached Form U-1 and that all applications will be filed contemporaneously in those states. Subsequent amendments to the Registration Statement will also be filed contemporaneously in the state identified above. The CR-SCOR-West process will take a minimum of 30 days. The applicant should consider this time frame and file the CR-SCOR-West-1 as soon as possible.

The Applicant understands that any application filed in a state subsequent to the initial filing will be reviewed separately. The Applicant should understand that states participating in CR-SCOR-West will be using certain NASAA Guidelines as uniform standards. For information on the standards to be applied, please contact the Washington Securities Division at (360) 902-8760.

The Applicant agrees to resolve comments through the Lead State until such time as the Lead State agrees that the comment should be resolved through direct contact between the applicant and the state with the unresolved comment.

The applicant hereby waives automatic effectiveness in the states identified above.
